EASY NETWORK

EASY NETWORK is a complete network (networking cards, cable and software) designed for networking up to 3 IBM or compatible computers to a non-dedicated IBM or compatible host computer.
EASY NETWORK allows Workstation Computer(s) full sharing Host Computer's files and printer while Host is being used.
The installation can be completed in less than 10 minutes and no learning is required as the network is completely transparent.
PS/2 Micro-channel and no-slot laptop version are available.
